

# DID YOU KNOW?

- 💧 A leaky faucet can waste enough water for 180 showers every year
- 💧 Cutting down shower time from 30 minutes to 15 minutes saves enough water to do 3 full loads of laundry
- 💧 Doing laundry with cold water instead of hot water saves enough energy to power a desk lamp for 70 hours
- 💧 Almost all water you use on campus comes from the nearby Fenton and Willimantic Rivers
