LEED® Certified Fact Sheet

Student Recreation Center

LEED® Gold Certified Building

The Student Recreation Center was certified in 2021. The Rec Center is a bustling hub of student activity, with over 191,000 square feet of space that includes two swimming pools, a 56-foot climbing wall, an elevated walking track, and 30,000 sq. ft. of equipment. Come for a workout, stay for a smoothie from Mango, and enjoy the many green features!

Year certified: 2021

77% of construction waste diverted from landfills/incineration

30% of equipment repurposed from the previous Rec Center
