

# ECOMADNESS

## ~Tips~

### ⚡ Save Energy ⚡

Saving energy involves **being mindful about your electricity use** and not wasting energy, which can contribute to increased greenhouse gas emissions

#### Things To Remember:

- Turn off the lights when you leave a room
- Turn off power strips or unplug chargers when not in use
- Turn off televisions when not in use
- Power down your laptop or desktop
- Hang dry your clothes when you can
